# How to Determine Your Ring Size

Method Using a Ring You Already Own and Our Printable Guide

1. Print this guide with page scaling set to 100%.

2. Place a ring that you already own (or have borrowed, if this is a surprise gift) over the circles to the right.

3. Match the **inside of the ring** to the circle nearest in size. The measurements shown refer to the **inside diameter** of the ring.

4. If the ring falls between two sizes, order the larger size.

Please Note:

*   Consider width. The wider the band, the tighter it may feel. You may need to go up by a half size.
